

Training

Level 2 Bowling Greens

Applied Turf Culture

Course description

The key subjects – maintenance practices, soils, fertilisers and nutrients, to plant growth, general controls and new developments, plus more – are studied through a progressive one-day IOG Learning course. With delivery from an industry expert, experience an educational training day featuring an informative presentation and explore some of the theory involved in maintaining a bowling green. (Lunch provided)

Some of the subjects covered on this course

- ✓ Surface requirements for bowling greens
- ✓ Performance Quality Standards: the assessment
- ✓ Safe working practices, soils, pH and top-dressings
- ✓ Turfgrass identification, fertilisers and nutrients
- ✓ Pests and diseases: identification and controls
- ✓ Moss and weeds: identification and controls
- ✓ New developments for bowling greens

Is this training day suitable for me?

This training course is ideal for the experienced volunteer or established employee – and acts as a step for continuing professional development, or simply as a refresher. With the delivery from an industry expert, keep your skills and knowledge up to date with the latest best practices, and explore the requirements you need to meet in order to increase your surface's longevity.

What can I do after this course?

To further build on the IOG route, enhance your learning by taking your next step with our Level 3 Bowling Greens: Advanced Turf Culture. An additional option, with further study, is to undertake the IOG Level 2 Technical Certificate in Turf Surface Maintenance – an initial formal qualification in turf maintenance.
